Instructions: Taking the Implicit Associations Test (IAT)
(Each test should take 10 – 12 minutes)

PLEASE TAKE THE TEST 1-2 DAYS BEFORE YOUR TRAINING

- Go to this website: <https://implicit.harvard.edu/implicit/selectatest.html>
- At the very bottom of the page, to the left – select “Take A Test.”
- On the “Preliminary Information” page, at the bottom, select “I wish to proceed.”
- When provided with the list of tests, please select the **Race (Black - White' IAT)**.
- Print out the results page and bring it to the training. You can also save the results page as a pdf or screenshot, and have it available at the time of your training session.
- We will use polling software that will allow attendees to anonymously submit their results; participants will not have to submit their results page
- We will discuss the group’s results as a whole
