125	Appendix E/ Question 24: And why do you not plan to get a vaccination?

METHODOLOGY

The Glengariff Group, Inc. conducted a Michigan statewide survey of registered voters. The 600 sample, live operator telephone survey was conducted on November 29-December 3, 2021 and has a margin of error of +/-4.0% with a 95% level of confidence. 25.0% of respondents were contacted via landline telephone. 75.0% of respondents were contacted via cell phone telephone. This survey was commissioned by the Detroit Regional Chamber.

KEY FINDINGS

Lay of the Land

- * By a margin of 22.8%-62.2%, Michigan voters believe the nation is on the wrong track. The right track/wrong track number is now at its lowest level of the pandemic.

<u>Survey</u>	<u>Right</u>	<u>Wrong</u>	<u>No Opinion</u>
October 2020	27.4%	55.9%	16.7%
February 2021	36.6%	40.6%	22.9%
May 2021	35.3%	48.2%	16.5%
September 2021	25.5%	58.5%	16.0%
December 2021	22.8%	62.2%	15.0%

- * The right track number continues to decline because Democratic voters continue to move away from the right track.

<u>Party Affiliation</u>	<u>Right</u>	<u>Wrong</u>
Strong Democratic	45.0%	34.5%
Lean Democratic	40.0%	35.6%
Independent	19.7%	63.5%
Lean Republican	10.4%	82.1%
Strong Republican	1.4%	91.8%

- * By a margin of 31.7% right track to 52.8% wrong track, Michigan voters believe the state is on the wrong track. A majority of Michigan voters now believe the state is on the wrong track.

<u>Survey</u>	<u>Right</u>	<u>Wrong</u>
January 2020	44.5%	26.2%
October 2020	44.9%	41.3%
February 2021	46.6%	38.9%
May 2021	40.4%	45.2%
September 2021	38.7%	47.2%
December 2021	31.7%	52.8%

2022 Motivation to Vote Remains High, But Some Sagging of Motivation Among Centrist Voters

- * Voters were asked on a scale of one to ten, how motivated they were to vote in the November 2022 election for Governor. Voter motivation remains strong at 9.0 on a 10.0-point scale. (A minor decline from 9.1 in September 2021.). Motivation continues to be very high among the bases of both parties, but there appears to be some weakening of motivation among more centrist voters.

<u>Party Affiliation</u>	<u>Motivation to Vote</u>
Strong Democratic	9.3
Lean Democratic	8.7
Independent	8.8
Lean Republican	8.9
Strong Republican	9.4

- * There is a sharp difference in motivation by age groups with voters under 40 far less motivated than voters over 40.

<u>Age</u>	<u>Motivation to Vote</u>
18-29	8.2
30-39	8.4
40-49	9.4
50-64	9.3
65+	9.7

Biden Job Approval Low, But Remains Steady from September

- * Joe Biden’s job approval is 39.4% approve to 52.5% disapprove. 8.2% of voters have no opinion of Joe Biden’s performance. These numbers are statistically identical to September 2021. Only 18.2% of voters STRONGLY APPROVE of Biden’s performance while 44.5% STRONGLY DISAPPROVE of his performance.

<u>Party Affiliation</u>	<u>Approve</u>	<u>Disapprove</u>
Strong Democratic	82.8%	14.1%
Lean Democratic	60.0%	24.4%
Independent	32.8%	52.6%
Lean Republican	6.0%	83.6%
Strong Republican	7.5%	91.1%

Whitmer Remains Steady, Disapproval Shows Minor Decline

- * By a margin of 48.3% approve to 43.8% disapprove, Michigan voters approve of the performance of Governor Gretchen Whitmer. 7.8% of voters have no opinion of her performance.

<u>Whitmer Job Approval</u>	<u>Approve</u>	<u>Disapprove</u>
January 2020	43.3%	35.9%
September 2020	58.7%	38.3%
October 2020	59.1%	37.2%
February 2021	57.8%	38.1%
May 2021	50.0%	43.8%
September 2021	47.9%	46.3%
December 2021	48.3%	43.8%

- * There has been a notable shift in Whitmer’s job approval among Independent voters. In September 2021, Independent voters disapproved of Whitmer’s performance by a margin of 39.2% approve to 51.2% disapprove. Independent voters now approve of Whitmer’s performance by a margin of 46.0%-40.9% -- a 17-point shift from -12% to +5.1%.

<u>Party Affiliation</u>	<u>Approve</u>	<u>Disapprove</u>
Strong Democratic	87.2%	7.0%
Lean Democratic	80.0%	11.1%
Independent	46.0%	40.9%
Lean Republican	23.9%	65.6%
Strong Republican	9.5%	86.4%

Voters Narrowly Approve of Their OWN Member of Congress – But Large Percentage Simply Have No Opinion

- * Voters were asked if they approve or disapprove of their own member of Congress. By a margin of 38.2% approve to 30.9% disapprove, voters narrowly approve of their member. But a whopping 31.0% of voters have no opinion of their member of Congress.

Democratic voters are much more approving of their members of Congress than Republican voters. Republican voters disapprove of their own members of Congress by 15.4%.

<u>Party Affiliation</u>	<u>Approve</u>	<u>Disapprove</u>
Strong Democratic	55.0%	21.0%
Lean Democratic	60.0%	15.6%
Independent	35.0%	34.3%
Lean Republican	27.4%	34.3%
Strong Republican	23.8%	39.4%

Rural voters – who are largely represented by Republicans in Congress – disapprove of their own member of Congress by a margin of 29.5% approve to 37.6% disapprove.

<u>Type of Town</u>	<u>Approve</u>	<u>Disapprove</u>
Urban	50.5%	24.3%
Suburban	39.1%	30.4%
Small Town	36.1%	28.5%
Rural	29.5%	37.6%

Economic Angst Motivating the Electorate

- * Voters believe the nation’s economy is on the wrong track by a margin of 27.0% right track to 63.0% wrong track. Only Strong Democratic voters believe the economy is on the right track. All other demographic groups believe the economy is on the wrong track.

<u>Party Affiliation</u>	<u>Right</u>	<u>Wrong</u>
Strong Democratic	51.5%	35.7%
Lean Democratic	40.0%	48.9%
Independent	21.9%	65.7%
Lean Republican	14.9%	83.6%
Strong Republican	7.5%	85.7%

- * Voters were asked in the next year if the economy would get better, get worse or stay about the same.

37.5%	Get Worse
29.7%	Get Better
24.3%	Stay About the Same

Strong Democratic voters believe the economy will get better by a margin of 52.0% better to 12.3% worse, with 29.8% saying it will stay the same.

Strong Republican voters believe the economy will get worse by a margin of 60.5% worse to 10.2% better, with 17.7% saying it will stay the same.

Independent voters are pessimistic with 24.8% saying it will get better, 37.2% saying it will get worse, and 28.5% saying it will stay the same.

- * But despite their negative attitude towards the economy, 24.3% of voters say they are economically worse off than they were in the past.

25.5% of voters say they are better off than in the past.

24.3% of voters say they are worse off than in the past.

48.0% of voters say they are economically about the same as in the past.

Even among Strong Republican voters that are sharply negative about the economy, they say their economic situation has remained the same or improved by a 2-1 margin 61.9% better/same versus 38.1% worse.

<u>Party Affiliation</u>	<u>Better</u>	<u>Worse</u>	<u>Same</u>
Strong Democratic	38.2%	12.3%	48.0%
Lean Democratic	28.9%	11.1%	60.0%
Independent	21.2%	31.4%	44.9%
Lean Republican	19.4%	35.8%	48.1%
Strong Republican	17.0%	38.1%	44.9%

- * In addition to Strong Democratic voters, voters under 40, college educated voters and African American voters are the most likely to say their economic situation has improved.
- * For voters that say their economic situation is better, they think the economy is on the wrong track 41.2%-48.4%. For those doing worse, the economy is on the wrong track 7.1%-85.3%. For those voters doing about the same, the economy is on the wrong track 30.2%-59.0%.

All About Inflation/ 89.9% of Voters Concerned About Inflation

* Voters who said the economy was on the wrong track were asked in an open-ended question specifically WHY they felt the economy was on the wrong track.

36.6%	Inflation/Cost of Goods
21.9%	General Anti-Biden/Anti-Democrats
12.1%	Nobody wants to work
8.1%	Wages are too low/ Not paying enough
4.6%	Covid related concerns
4.0%	There are no good jobs/ Unemployment
3.5%	High cost of gas prices
3.5%	Government response to Covid
3.2%	There are not enough workers
2.6%	Supply chain issues/ Cannot get anything

* 89.9% of voters say they are concerned about inflation while only 8.6% say they are not concerned. **58.2% OF VOTERS SAY THEY ARE VERY CONCERNED ABOUT INFLATION.**

Large majorities above 75% of EVERY demographic group are concerned about inflation.

* Voters were read a list of seven different purchases and asked if they personally have or have not seen a big increase in the cost of that item over the past year.

93.2%	Gas for your automobile
89.7%	Groceries
68.0%	Eating out at a restaurant
53.8%	Home heating costs
51.7%	Vehicle purchase
39.2%	Insurance

* 58.0% of voters believe supply chain delays are the main cause of inflation compared to 35.5% that believe inflation is being caused by something else. 6.8% said they did not know what was causing inflation.

58.0%	Supply chain delays
15.8%	Joe Biden and the Democrats
6.8%	Do Not Know
4.0%	Stimulus checks
2.7%	Corporate greed
12.7%	Miscellaneous responses below 2.0%

Large majorities of Democratic and Independent voters believe inflation is being caused by supply chain issues. But a majority of Republican voters believe inflation is being caused by something else. Among Republican voters, the most often cited alternative reason for inflation was “Joe Biden and the Democrats”.

64.7% of Voters Have Encountered a Shortage in the Past Six Months

* 64.7% of voters said they have had to wait on something they wanted to buy in the past six months because of supply chain issues.

When asked what specifically they had to wait to purchase (respondents could offer more than one item):

19.1%	Building and repair materials
16.5%	Groceries/Food
14.9%	Furniture
13.7%	Large appliances
11.6%	Electronics/ Computers
10.1%	Vehicle
8.2%	Clothing/Shoes
6.7%	Paper products
5.9%	Recreational Items/ Toys/Gifts
5.7%	Car parts
5.2%	Gaming consoles/ Video games
3.9%	Home goods

Minimum Concern Among Workers of Losing Jobs; But Rural Voters Twice as Concerned

* Among voters that currently hold jobs, 16.1% are concerned about losing their jobs while 82.6% said they are not concerned about losing their jobs. Only 5.6% are VERY CONCERNED.

5.6%	Very concerned
10.5%	Somewhat concerned
13.4%	Not very concerned
69.2%	Not concerned at all

* There were sharp differences about job security based on the worker’s location of residence with small town and rural workers more than twice as concerned about losing their job as urban and suburban workers.

<u>Type of Town</u>	<u>Concerned</u>	<u>Not Concerned</u>
Urban	8.5%	88.5%
Suburban	13.0%	85.5%
Small Town	20.5%	78.2%
Rural	22.2%	77.7%

This job insecurity does not correlate to party affiliation; rather, it is centered on Independent and Independent leaning Republican voters.

<u>Party Affiliation</u>	<u>Concerned</u>	<u>Not Concerned</u>
Strong Democratic	6.0%	93.0%
Lean Democratic	16.7%	80.0%
Independent	24.2%	74.5%
Lean Republican	23.2%	72.1%
Strong Republican	16.7%	83.4%

* Voters that are concerned with losing their jobs were asked what specifically made them concerned:

26.7%	The current economy and lack of business
21.7%	Effect of Covid/ Covid mandates
11.7%	Inflation
10.0%	Uncertain future
8.3%	Lack of employees/ worker shortage
5.0%	Changes in my industry
5.0%	Contract employee
3.3%	Supply chain limitations

'Great Resignation' Continues Among 50-64/ Minimal Likelihood Workers Will Return

* 6.5% of workers that were employed prior to Covid have now left the workforce with 5.1% saying they have retired or gone on disability and 1.4% saying they are no longer looking for work. [These numbers represent a minor change within the margin of error from the September 2021 survey which showed that 3.5% had moved to retirement and 1.7% were no longer looking for work.]

Only 9.5% of those who have retired (5.1%) said they were likely to take another job in the next year.

66.7% of those who are no longer looking for work (1.4%) said they were likely to take another job in the next year.

* In the September 2021 survey, we saw a drop in the labor participation rate from 69.1% at pre-covid levels to 65.5% in September 2021 – a drop of 3.6%

In this December 2021 survey, we saw a drop in the labor participation rate from 69.2% (statistically identical) at pre-covid levels to 64.3% -- a drop of 4.9%.

This drop appears to be most concentrated among workers aged 50-64. There has been a decrease in the labor participation rate among workers over the age of 65 of 4.7 percentage points. ***But there has been a drop in the labor participation rate among workers aged 50-64 of 8.1 percentage points.***

The decline in labor participation among workers aged 50-64 since the onset of Covid is increasing the great resignation.

- * The potential cumulative effect on the labor participation rate of those who have retired or left the workforce since Covid but say they are likely to take a new job in the next year would result in an increase of 1.4% in the overall labor participation rate.

Meaning; we have dropped from a labor participation rate of 69.2% to 64.3% -- a 4.9% decline. *If all those workers that have retired or are no longer looking for a job but indicated they are inclined to take a new job in the next year return, the overall labor participation rate would still decline from 69.2% to 65.7% -- a decline in the overall labor participation rate of 3.5% from pre-covid levels.*

Majority of Michigan Voters Support Increasing Legal Immigration to Fill Jobs

- * Voters were asked if they support or oppose increasing LEGAL immigration to help fill the labor shortage in Michigan. By a margin of 56.0% support to 35.6% oppose, a majority of Michigan voters support increasing legal immigration in Michigan. 35.8% strongly support increasing legal immigration while 26.3% strongly oppose increasing legal immigration.

Only Strong Republican voters oppose increasing legal immigration to fill Michigan's labor shortage.

<u>Party Affiliation</u>	<u>Support</u>	<u>Oppose</u>
Strong Democratic	76.0%	16.9%
Lean Democratic	66.7%	31.1%
Independent	51.9%	36.5%
Lean Republican	58.2%	32.9%
Strong Republican	39.4%	53.7%

- * There are statistically significant differences based on education levels of voters.

<u>Education Attainment</u>	<u>Support</u>	<u>Oppose</u>
High School	47.1%	48.0%
Some Post Education	52.0%	39.3%
College	63.4%	26.5%

72.2% With At Least One Vaccine Shot/ 33.0% of Voters Have Received a Booster Shot

- * 72.2% of survey respondents reported receiving at least ONE vaccination shot for Covid.
 - 3.8% have received one shot.
 - 69.0% of respondents have received both vaccine shots.
 - 33.0% of respondents have received both shots, PLUS a booster shot.
 - 4.5% of respondents said they plan to get vaccinated, but have not done so yet.
 - 3.7% of respondents said they cannot get the vaccine for medical reasons.
 - 15.5% of respondents said they do not plan to get vaccinated.
 - 3.5% of respondents do not know or refused to answer.
- * Among the 69% that are fully vaccinated, 63.9% said they have/will get the booster shot. 17.6% of vaccinated said they will not get the booster shot. 18.5% of fully vaccinated said they are uncertain about getting the booster shot.
- * The percentage of individuals that said they will, but have not yet, get vaccinated fell from 6.7% in September 2021 to 4.5% in December 2021.
- * There continue to be sharp demographic differences among those voters that say they will not get the vaccine:

<u>Demographic Group</u>	<u>Percentage That Will Not Get Vaccinated</u>
Strong Democratic	2.9%
Lean Democratic	0.0%
Independent	16.8%
Lean Republican	25.4%
Strong Republican	28.6%
18-29	25.3%
30-39	18.5%
40-49	26.1%
50-64	9.9%
65+	4.7%

Urban	8.7%
Suburban	9.7%
Small Town	19.5%
Rural	24.2%
High School	26.9%
Some Post	19.2%
College	7.6%
Male	19.8%
Female	11.5%
White	18.2%
African American	3.6%

35.7% of Parents With Children Aged 5-11 Will Not Vaccinate Child

* 35.7% of parents with children aged 5-11 years old do not plan on vaccinating their child.

35.7%	Will not vaccinate child.
25.2%	Has already been vaccinated.
10.4%	Are currently waiting for an appointment to vaccinate.
18.2%	Plan to wait to get their child vaccinated.
2.6%	Said their child cannot be vaccinated for medical reasons.
7.8%	Do not currently know if they will vaccinate their child.

These numbers represent a potential vaccination rate of 63.8% of children aged 5-11 years old. 35.7% will not vaccinate their child. 2.6% said their child cannot get a vaccination for medical reasons. 7.8% of parents simply do not know.

* A majority of Republican parents will not vaccinate their 5-11 year-old child for Covid.

<u>Party Affiliation</u>	<u>Will Not Vaccinate Child</u>
Strong Democratic	11.4%
Lean Democratic	22.2%
Independent	37.0%
Lean Republican	62.5%
Strong Republican	50.0%

<u>Type of Town</u>	<u>Will Not Vaccinate Child</u>
Urban	31.6%
Suburban	29.3%
Small Town	37.8%
Rural	48.0%

<u>Education Attainment</u>	<u>Will Not Vaccinate Child</u>
High School	43.8%
Some Post	46.1%
College	26.7%

* *44.2% of male parents said they will not vaccinate their child while only 28.6% of female parents said they will not vaccinate their child.*

* *82.6% of those that will not get vaccinated also said they will not vaccinate their child. 13.1% did not answer. Only 4.3% said they would wait to get their child vaccinated.*

Majority Expects Michigan Covid Rates to Increase This Winter

- * 57.7% of Michigan voters believe Covid rates will increase this winter. 12.2% said they will decrease. 20.5% said they will remain stable.
- * Despite the widespread agreement that Covid cases would continue to increase, voters are split on whether they are continuing to wear a mask in public places with 46.7% continuing to wear a mask and 45.7% saying they have stopped wearing a mask. 7.0% said it depends.

There are sharp differences between which voters will and will not continue to wear masks driven by party affiliation, type of town, age and gender. 77.4% of those who will not get vaccinated – the most vulnerable to Covid -- have stopped wearing masks.

<u>Demographic Group</u>	<u>Continue To Wear</u>	<u>Stop Wearing</u>
Strong Democratic	80.7%	14.0%
Lean Democratic	66.7%	26.7%
Independent	47.4%	42.3%
Lean Republican	20.9%	73.1%
Strong Republican	12.9%	79.6%
Out State	39.7%	51.9%
Metro Detroit	54.2%	38.9%
Urban	66.0%	27.2%
Suburban	52.2%	39.1%
Small Town	39.1%	52.6%
Rural	32.2%	61.1%
18-29	41.3%	48.0%
30-39	42.6%	49.1%
40-49	42.6%	49.6%
50-64	41.0%	52.2%
65+	62.5%	33.6%

Male	34.7%	57.6%
Female	57.7%	34.6%
White	38.5%	53.5%
African American	86.7%	8.4%
One Shot	52.2%	43.5%
Two Shots	50.9%	43.5%
Three Shots	64.6%	29.3%
Will Wait	48.1%	37.0%
Will Not Vaccinate	9.7%	77.4%

Plurality Say Vaccine Mandate Won't Help/ Majority Oppose Employer Mandate

- * Voters were asked if a federal requirement that employers with 100+ employees require vaccinations would increase, decrease or have no effect on vaccination rates.

46.8% said it would have no effect on vaccination rates.
 41.0% said it would increase vaccination rates.
 3.0% said it would decrease vaccination rates.
 9.2% simply did not know.

- * When asked if they support or oppose a requirement that employers with 100 or more employees must require Covid vaccinations, Michigan voters were opposed by a margin of 40.5% support to 54.0% oppose. 30.8% strongly support the requirement while 47.2% strongly oppose the requirement.

<u>Party Affiliation</u>	<u>Support</u>	<u>Oppose</u>
Strong Democratic	79.0%	16.4%
Lean Democratic	60.0%	33.3%
Independent	33.5%	57.7%
Lean Republican	14.9%	80.6%
Strong Republican	10.2%	87.7%

<u>Education Attainment</u>	<u>Support</u>	<u>Oppose</u>
High School	28.9%	65.4%
Some Post	32.8%	61.2%
College	51.5%	42.6%

<u>Vaccination Status</u>	<u>Support</u>	<u>Oppose</u>
One Shot	43.4%	56.5%
Two Shots	43.1%	50.0%
Three Shots	67.1%	26.3%
Will Wait	14.8%	81.5%
Will Not Vaccinate	2.2%	95.7%

* Workers in the labor force were asked what actions they would take if their employer did or did not mandate vaccinations.

If their employer required vaccinations:

47.7% would support the decision and get vaccinated.

19.8% would oppose the decision and get vaccinated.

23.9% would oppose the decision and look for another job.

76.8% of workers that will not get vaccinated said they would look for another job – only 13.0% said they would get vaccinated, but oppose the decision.

Conversely, workers were asked what their reaction would be if their employer did NOT require vaccinations.

50.9% said they would support the decision, but still get vaccinated.

27.6% said they would support the decision and not get vaccinated.

13.1% said they would oppose the decision but remain in their job.

2.4% said they would oppose the decision and look for another job.

While 2.4% of workers would look for another job if a vaccination was NOT required. 23.9% would look for another job if a vaccine WAS required.

- * Requiring a vaccination would lead to a vaccination rate among workers of 67.5%. Not requiring a vaccination would lead to a vaccination rate among workers of 66.4%.

84.5% of Voters Say Election Changes Should Be Bipartisan

- * 84.5% of voters believe that changes to elections should only be approved if some member of both parties can agree to the change. Only 5.7% of voters said whichever party has control of the State Legislature should be able to vote for the changes they support without input from the other side.

More than 77% of every demographic group believe changes to elections should have some bipartisan support.

- * Voters were asked if they would support or oppose a proposed election law change that would prohibit local clerks from accepting donations from non-profit organizations, including churches, from donating their space to communities to host local polling sites.

By a margin of 17.2%-68.5%, Michigan voters overwhelmingly oppose a proposed change that would prohibit non-profits from donating their space for polling sites. 50.0% of voters strongly oppose the prohibition.

<u>Party Affiliation</u>	<u>Support</u>	<u>Oppose</u>
Strong Democratic	19.3%	71.3%
Lean Democratic	20.0%	64.5%
Independent	18.3%	70.1%
Lean Republican	12.0%	76.1%
Strong Republican	17.7%	64.6%

Replacing Lead Water Lines Should Be Top Priority of ARP Funds

- * Respondents were offered ten different priorities for using \$6 billion in federal American Rescue Plan funding and asked which priority would be their first and second choice for funding. The list below represents the combined percentage for first and second choice. Improving water infrastructure was the top choice of every demographic group.

45.8%	Water infrastructure like new pipes
28.6%	Preparing students for college or training after high school graduation
26.1%	Supporting small businesses that have struggled due to Covid
20.3%	Expanding access to health care
18.5%	Expanding job training to prepare workers for future jobs
17.7%	Develop affordable housing
10.6%	Expanding internet access
9.8%	Stabilizing Michigan's unemployment system
7.9%	Providing revenue sharing for local services
6.8%	Preparing Michigan to compete against other states for new car/battery plants.

**MICHIGAN STATEWIDE SURVEY
DECEMBER 2021**

Hello, my name is _____. I'm not selling anything. I'm doing a quick survey of voters' attitudes in Michigan. It should take approximately six minutes.

A. Are you registered to vote at the address I am calling?

- | | | |
|----|------------------|--------|
| 1. | Yes.....CONTINUE | 100.0% |
| 2. | No....TERMINATE | |

1. And could you tell me in what county you vote in?

- | | | |
|-----|--------------------------|-------|
| 1. | UP/North | 10.0% |
| 2. | West | 12.0% |
| 3. | Southwest | 9.2% |
| 4. | Mid Michigan | 9.8% |
| 5. | East Central | 11.0% |
| 6. | Oakland | 14.0% |
| 7. | Macomb | 8.7% |
| 8. | Wayne | 11.3% |
| 9. | City of Detroit | 4.5% |

Because of the number of people that have had side effects, including death.	1	1.1 %
I don't trust it.	4	4.3 %
I won't bend over for the government.	1	1.1 %
It's foreign to me, I don't trust it.	1	1.1 %
I have an auto immune condition and it tends to react to a lot of things.	1	1.1 %
Personal reasons.	1	1.1 %
Religious beliefs.	1	1.1 %
I survived Covid already.	1	1.1 %
I had Covid already.	1	1.1 %
I just got Covid so I'm naturally immune.	1	1.1 %
Not enough study or data on it.	1	1.1 %
I don't want that.	1	1.1 %
I'm too stubborn.	1	1.1 %
Antibodies.	1	1.1 %
I'm young and my immune system is good.	1	1.1 %
I don't think it makes a difference on whether you get Covid.	1	1.1 %
They just came out with it, it isn't trust worthy.	1	1.1 %
I don't believe in the government, they want to impose things on people.	1	1.1 %
They are mandating it.	1	1.1 %
I don't trust the pharmaceutical companies.	1	1.1 %

I've already had Covid so I feel immune.	1	1.1 %
It's show to not be effective.	1	1.1 %
I don't believe it helps.	1	1.1 %
I've already had Covid.	1	1.1 %
I was sick with Covid for 2 days.	1	1.1 %
Not enough science yet.	1	1.1 %
I had Covid and survived.	1	1.1 %
There's no proof that it does anything.	1	1.1 %
I don't want to be a robot.	1	1.1 %
It's my personal choice.	1	1.1 %
It's just not for me.	1	1.1 %
I don't trust the government.	1	1.1 %
I have Covid right now.	1	1.1 %
I'm waiting for more research to come out first.	1	1.1 %
I have really bad allergies so I'm scared.	1	1.1 %
Covid is a hoax.	1	1.1 %
I feel uncomfortable without knowing long term effects.	1	1.1 %
I don't want those chemicals in my body.	1	1.1 %
Not enough research.	1	1.1 %
I disagree with it and already had Covid, so I feel protected.	1	1.1 %
I already had Covid, I'm fine.	1	1.1 %
I have an auto immune disease.	1	1.1 %
I don't need it to feel comfortable.	1	1.1 %
I'll just work through the pandemic, I have a strong immune system.	1	1.1 %
I made it this far without it.	1	1.1 %
I don't believe in it.	1	1.1 %
I don't feel it will help me at all.	1	1.1 %
No reason.	1	1.1 %
I don't trust the research.	1	1.1 %
I'm just unsure of it.	1	1.1 %
I don't believe it works.	1	1.1 %

I've had Covid.	1	1.1 %
My girlfriend got it and she was sick within 3 days.	1	1.1 %
Don't know.	1	1.1 %
I already had Covid twice, it doesn't affect me.	1	1.1 %
I don't need one, I don't get sick.	1	1.1 %
I have already had Covid and I know several people <u>with both shots who still got Covid.</u>	<u>1</u>	<u>1.1 %</u>
